Parking Safety at the North Pool

Please be mindful when pulling into the driveway at the North Pool, that your car is pulled in far enough not to encroach on the sidewalk. Many homeowners walk along Los Jardines and if your car is parked across the sidewalk, then pedestrians have to walk out in the street to get around you, which is not safe.

Thank you for taking a moment to make sure your car is pulled in far enough so that the sidewalk is a clear and safe path to travel. It is safest to park in the street along Los Jardines East rather than pulling into the driveway.

Happy St. Patrick's Day!

May your troubles be less  
and your blessings be more

**“I WAS TIRED OF LIVING IN PAIN”**

If you're suffering from Fibromyalgia you understand this sentiment all too well. Local resident Donna V. found herself at a turning point when she noticed her diagnosis started to take its toll on her marriage.

**“I was angry all the time because of all the things I couldn't do anymore because of my Fibromyalgia. That anger cycled through to depression and affected everyone around me, my husband more than anyone. It made our lives miserable.”**

Fibromyalgia affects the entire body, and to make things complicated it affects everyone's body a little differently. To make things even more complicated, those effects can change on a daily basis. Sometimes you're plagued with widespread muscle pain and fatigue, other days it's a headache and heightened sensitivity to touch.

**“I could barely stand to have the light weight of bedsheets touching me, much less a hug from my husband.” explains Donna.**

Your primary care doctor will suggest dietary changes and pain liniments and pharmaceuticals to the point where your life is no longer ruled by Fibromyalgia but instead it's ruled by a routine and pill regimen in order to avoid flare ups. Donna put it this way, “My life was no longer my own.”

In her own research Donna discovered that acupuncture can help ease pain and improve the quality of life of Fibro patients. She was then determined to find the best in the business which is how she discovered Bennett Acupuncture & Functional Medicine and Dr. Stefanie Bennett using the time tested science of acupuncture, integrated with modern medical advancements in healing and recovery.

**“I feel like a new person. My husband comes with me to my appointments and spends most of it thanking Dr Bennett for giving him back the woman he married. For the first time since we moved here, one of my neighbors told me I looked good! It's a miracle, I don't know how else to explain it.”**

If you are looking for a doctor and a practice, Donna describes Bennett Acupuncture almost as enthusiastically as she does their treatments, who understands you diagnosis and has proven solutions for chronic pain, then look no further than Bennett Acupuncture.
