“I had two rental properties that I decided to sell. I made the choice to work with Lily Campbell, and the results were immediate and amazing. The first weekend's open house produced a full price offer and the house closed 10 days later. This is pure Lily Campbell. Having had this success, 10 months later I decided to sell a second house in Green Valley. I contacted Lily immediately. I got the house ready for market and on the second weekend of open houses, I received 8 offers. My home was sold for just a little under the listing price. It closed 30 days later and once again I was a happy camper. My positive results in my lifetime had me associated with the “best of the best” professionals. Lily is right there in the real estate industry. Have no hesitations trusting “LILY” as she will help you with any and all of your real estate needs.”

Tips To Maintain Property Values Does Your Home Have Curb Appeal?

"I wish I had done all this work on my house sooner, so I could enjoy it."

I hear this so many times from sellers who have to do major repairs and refreshes to their homes because they didn't maintain their properties all along. Why not enjoy the improvements now, even if you aren't planning on selling in the near future. You'll be glad you did.

Reasons to Maintain Your Property:

- 1. A coat of paint every 5 years will preserve the stucco and be uplifting.***
- 2. Maintaining your lawns is easy with regular weed and feed.***
- 3. Regular Termite Inspections will allow for spot treatments, where as neglecting termite care could cost thousands in structural damage.***
- 4. Regular Roof Inspection protects your home from wood rot, mold, and mildew.***
- 5. The appearance of every home in Green Valley affects the dollar value of all the properties.***

Preventive maintenance is critical!
Text or call me for referrals to reliable services.

Driving up to a home that is freshly painted with manicured lawns and flower beds will make the homeowner feel better.
I'm sure the neighbors will enjoy it, too!

Why Are We Seeing Multiple Offers on Houses Again?
In Orange County, in the first three months of 2023, 45% less homes went on the market due to 4,538 missing sellers!
Why? Interest Rates. More homeowners are staying put because of their low mortgage. This explains the return of multiple offers on houses and sale prices above asking prices vs. the predicted decline in home prices in 2023.
There is a lack of supply, not record-breaking demand.
