Fountain Valley inventory is rising, which is good news! Historically FV has a lower number of homes for sale than neighboring cities. **Why? Fountain Valley is a GREAT place to live! Why are homeowners staying put?** Their low mortgages. 84% of California homeowners have a fixed mortgage rate of 5% or lower. High mortgage rates prevent many would-be sellers from selling their home and keep buyers out of the market.

Safety Around the North Pool

As over 200 swimmers embark at the pool in the afternoons at the start of Swim Team season, we ask that you please be extra cautious when driving near this area. A sign is posted and cones are placed to remind you that children are in the area and that the speed limit is 25 MPH

Also, please be mindful that if you use the driveway at the North Pool that your car is pulled in far enough as to not encroach on the sidewalk. Many homeowners walk along Los Jardines and if your car is parked across the sidewalk, then pedestrians have to walk out in the street to get around you, which is not safe. Thank you for taking a moment to make sure your car is pulled in far enough so that the sidewalk is a clear and safe path to travel.
